An act to add Section 6102 to the Public Contract Code, relating to public contracts.

LEGISLATIVE COUNSEL'S DIGEST

SB 630, as amended, Hancock. Public contracts: bidders: cost overruns.

Existing law prohibits a state agency or department, as specified, from awarding a public works or purchase contract to a bidder or contractor who has been convicted in the preceding 5 years of violating a state or federal law respecting the employment of undocumented aliens, and prohibits such bidder or contractor from being eligible to bid for or receive a public works or purchase contract.

~~This bill would additionally prohibit a state agency or department from awarding a public works or purchase contract to a bidder or contractor without requesting information from the bidder or contractor about cost overruns on previous public works projects or purchase contracts awarded to that bidder or contractor.~~

*This bill would require a bidder or contractor bidding on a state public works contract to include with the bid a report of all cost overruns on public works projects or purchase contracts previously awarded by the state to that bidder or contractor.*

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
